CAREER SUMMARY

Detail-oriented and highly motivated Java Developer with strong knowledge of Java, Spring Boot, REST APIs, MySQL, and backend application development. Skilled in building scalable RESTful services, database integration, API testing, and developing production-level backend systems. Hands-on experience in developing Java Full Stack applications using Spring Boot, Hibernate, JPA, React JS, and MySQL. Strong understanding of software development lifecycle, object-oriented programming, data structures, and problem-solving. Passionate about developing efficient, scalable, and clean backend solutions for modern web applications.

PROFESSIONAL SKILLS

Languages: Java, C, SQL (MySQL), JavaScript

Frontend : HTML, CSS, React JS, Bootstrap(Fundamentals)

Backend & Frameworks : Spring Boot, Spring Data JPA, Hibernate, REST APIs

Tools & Platforms : Git, GitHub, Maven, Postman, Swagger, Apache Tika

Core Concepts: Object Oriented Programming, Data structures and Algorithms(Fundamentals), API Integration, Database Design.

PROJECTS

RESUME ANALYZER & JOB RECOMMENDATION BACKED SYSTEM:

- Built a Resume Analyzer system to extract candidate skills and recommend relevant jobs using Adzuna API.
- Developed 10+ REST APIs for resume parsing, skill extraction, and real-time job recommendations using Spring Boot.
- Integrated Adzuna API to recommend real-world jobs, improving resume-based job matching accuracy by nearly 70%.
- Implemented skill extraction and normalization logic that extracted nearly 90% of relevant skills from resumes while reducing duplicate entries.

Tech Stack: Java, Spring Boot, MySQL, HTML, CSS, JavaScript, React JS, Bootstrap, REST APIs, Maven, Adzuna API.

HOSTEL MANAGEMENT SYSTEM:

- Built a RESTful Java Full Stack application to manage 100 hostel rooms and 300+ student allocations digitally.
- Developed secure REST APIs using Spring Boot, reducing manual register work by nearly 80%.
- Implemented room-capacity and duplicate-entry validation, improving allocation accuracy by nearly 90%.
- Designed a normalized MySQL database schema with business logic constraints, reducing student record retrieval time and improving overall management efficiency.

Tools & Technologies: Java, Spring Framework(Spring Boot), Spring Data JPA, Spring Security, MySQL, Maven, Swagger.

EDUCATION

M.C.A (Master Of Computer Applications)	Pursuing
Kakatiya University College(University Campus) , Affiliated to Kakatiya University	2024 - 2026
B.Sc (Bachelor Of Science)	CGPA: 7.7/10
Vivekananda Degree College, Affiliated to Kakatiya University	2021 - 2024
M.P.C (Intermediate)	CGPA: 9.0/10
Vivekananda Junior College	2019 - 2021
S.S.C	CGPA: 7.7/10
Sri Saraswathi Shishumandir	2018 - 2019

HOBBIES & SOFT SKILLS

Soft Skills: Team Collaboration, Time Management, Communication Skills.

Hobbies & Additional Information: Reading self-development books to strengthen mindset and continuous learning | Practicing DSA problems to strengthen problem-solving skills | Strong interest in backend engineering and scalable application development.
