CAREER SUMMARY

MCA final-year student with a strong foundation in Java, Data Structures, and backend development using Spring Boot. Hands-on experience in building RESTful APIs and working with MySQL, with a clear understanding of OOP and software development fundamentals. Familiar with API testing, clean coding practices, and basic frontend technologies. A quick learner with strong problem-solving, communication, and teamwork skills, seeking an entry-level role at Infosys to contribute to scalable software solutions and grow as a full-stack developer.

TECHNICAL SKILLS

Java | C - Programming Language | Spring Boot | Hibernate | MySQL | HTML | CSS | Java Script | React JS | REST APIs | API Testing(POSTMAN) | DSA (Fundamentals) | Git and GitHub | Database Management System | Operating Systems

PROJECTS

HOSTEL MANAGEMENT API – SPRING BOOT | SPRING DATA JPA | MYSQL

Hostel Management API is a RESTful Java Full Stack application that manages hostel operations, including blocks, wings, and rooms. It ensures data integrity, enforces room capacity, and supports secure student management with scalable API design.

- Developed modular and scalable RESTful APIs using Spring Boot and Spring Data JPA for efficient data processing
- Designed a normalized MySQL database schema to ensure data integrity, consistency, and scalability
- Implemented robust input validation and global exception handling, reducing invalid API requests by approximately 40%
- Applied business logic constraints such as unique student identification and room capacity management
- Conducted API testing using Postman to ensure reliability, performance, and maintainability

TO-DO LIST APP – SPRINGBOOT | SPRING DATA JPA | MYSQL | SPRING SECURITY | SPRING DATA JPA | MYSQL | SPRING SECURITY

- Implemented secure authentication and authorization using Spring Security with role-based access control (RBAC) for Admin and User roles
- Applied Bean Validation (JSR-380) and global exception handling using @ControllerAdvice to improve API reliability and reduce invalid requests by approximately 40%
- Followed a layered architecture (Controller–Service–Repository) to ensure clean, maintainable, and scalable code aligned with Spring best practices
- Designed and developed production-ready RESTful APIs with a focus on scalability, security, and performance, validated through Postman testing

EDUCATION

MASTER OF COMPUTER APPLICATIONS (M.C.A.) – KAKATIYA UNIVERSITY WARANGAL PURSUING	Aug 2024 – Jun 2026
B.SC IN COMPUTER SCIENCE – VIVEKANANDA DEGREE COLLEGE KAGHAZNAGAR PERCENTAGE – 73%	Jul 2021 – May 2024
INTERMEDIATE (M.P.C) – VIVEKANANDA JUNIOR COLLEGE KAGHAZNAGAR PERCENTAGE - 90%	Jun 2019 – April 2021
HIGH SCHOOL – SRI SARASWATHI SHISHU MANDIR KAGHAZNAGAR PERCENTAGE – 73%	Jun 2018 – May 2019

HOBBIES

Reading self-development books to strengthen mindset and continuous learning | Practicing DSA problems to strengthen problem-solving skills | Playing cricket doing jogging for stress management
